

REACH & RoHS Compliance Statement

Reach: Registration, Evaluation, Authorization and Restriction of Chemical Substances

Alger Precision Machining, LLC is a manufacturer of component metal and plastic parts. Parts are produced from Raw Material Bar stock as required by Customer Drawings and/or specification, The Raw Material bar stock as defined by REACH, does not intend or expect any of the listed components to be released as part of the inherent composition. As a result, such products are considered exempt from the registration and pre-registration under the requirements of REACH.

RoHS: Under current RoHS Directive, ten substances have been identified whose content must be limited per Annex 11 <http://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX:32015L0863>, Lead is allowed in steels up to .35% by weight, 6(a). Raw material used by Alger Precision Machining, LLC with rare exceptions are compliant to the RoHS Requirements. Customers who wish to verify chemical composition should request Material Test Reports on the purchase orders.
